G) Action Items  
   G-1) New Business  
      1) Policy Analysts Positions  
         a) Application Update  
            - Discussion of any additional questions to add to the application  
            - Not for any grade level specifically  
            - Good for specific majors like history, econ, political science  
            - No GPA requirement  
            - Could be a good opportunity for those not already in AS  
         b) Graphic production  
            - just fixing the amount of wording on pages
2) Policy Priorities
   a) Federal: economic, environmental, human rights issues, executive orders, pardon powers. Can also discuss these issues currently AND with context (historically)
   b) State: UC budget, housing affordability, COVID vaccine distribution, public transport (such as gas to electric car transition), state budget, state justice (CA supreme court), Governor Newsom, failed props that are still attempting to gain traction (ex. Prop 21, 16)
   c) UC/Academic (not IV, everything owned by the university): university-owned housing, discussions in Senate, P/NP for major credit, separation from Aramark (which uses prison labor) (WAIT until winter/spring quarter for this topic), UCSB graduation gear made by prison labor as well, UCSB is making COVID vaccine mandatory for all staff (a concern for black/brown communities who were underrepresented in the trials)
   d) General points of discussion: Iran Nuclear Deal, Costa-Hawkins Act, private equity firms, Blackstone, Urban Planning department

3) Budget Proposal
   - Asking for our own budget to pay our own members, allotting to particular specialized actions, fund student groups, on-campus events, university housing,
   - Looking into paying the members at large and policy analysts more, especially if we are to try and hire more
   - Gives us a bit more authority for the next year’s committee
   - How much should we ask for? → we don’t need as much money as another committee, as we are more of a supportive service as opposed to carrying out our own projects
   - The purpose of policy analysts is to create policy briefs and to inform the public
   - ~$3000 needed for honoraria
   - ~$2000 for special projects (members at large and policy analysts, allocation to different departments and orgs.)
   - ~$5000 for student orgs., graduate orgs., etc.
   - There is an overall agreement on the idea, but this is to be discussed in the beginning of winter quarter to add the specifics
